

## **Governors Letter to Parents and Carers July 2015**

Dear Parent/Carer

In 2014/15 the Governing Body was reconstituted under government legislation. Each governor is having to take responsibilities as designated under this legislation. Each Governing Body had to decrease in size and become more effective. Governors work with the staff to ensure both the safety and well-being of your children but also track the over attainment and progress, especially in English and Maths.

We thank all the governors who have supported and worked with the school over many years that have decided to leave this year. We also thank the new parent governors who have had a sharp learning curve with the data that they have to be aware of i.e. the success of the school by which Ofsted and the government judge us.

We are very pleased with the progress children have been making in Key Stage 1. The 3 year trend is looking positive.

### **Key Skills Level 1 KS1 attainments 2015**

Reading	2013	2014	2015
L2+	78	75	83
2b+	65	75	77
L3	21	42.5	46

Involvement of parents in reading cafes has helped to boost these results plus the hard work of all the staff and children themselves.

Writing	2013	2014	2015
L2+	70	82.5	77
2b+	52	65	74
L3	8	20	35

Mathematics	2013	2014	2015
L2+	85	82.5	91
2b+	67	72.5	80
L3	18	40	37

From such data staff are aware of who needs to improve and where; they are quick to put in interventions where required.

### **Key Skills Level 2 KS2 2015**

These are not available at the present time due to being published at the very end of term. These results will be processed by governors at the start of Autumn term.

We thank all staff for their hard work this year as we await another Ofsted inspection. Thanks to all parents and carers for their continuing support of the school. The chair of governors can be contacted via the school office.

Have a good summer break.

Chair and Vice Chair of TWCP
