

Dear Parents/ Carers

We hope you all had a wonderful Summer break and are ready for an exciting year ahead in Year 3 & 4. We came into school to find a huge egg in our school hall and two baby dinosaurs. We are now well on our way to becoming fully fledged paleontologists!

We have planned a great term ahead: in science we will be learning about animals and humans and sound, improving our mapping skills and knowledge of Europe in geography and imitating the work of French artists in art.

Our computing skills will focus on staying safe online, basic skills and programming. In RE we will be exploring how different faiths follow life's many journeys. We will be keeping our minds and bodies active in PE by learning handball, hockey, gymnastics, running and rugby. Please ensure a full PE kit is in school on a Monday (see below for full details).

We would like to thank parents for their support in completing our homework tasks as this makes a huge difference to the children's learning.

If you have any questions please come and speak to us after school.

Many thanks,

Mrs Lamb, Mrs Dulson, Mrs Brook and Miss Staveley
